Clare and Murray Nicoll attended the Fair on behalf of Tay Valley FHS and brought back photographs of the event.

They had the opportunity to meet a number of Society members who live in Edinburgh and the Borders

The host Society had a large stand at the Fair.

Our co-hosts from 2012, Fife FHS, were also there.

Facing the Fife stand was that of our northern neighbours, Aberdeen and North East Scotland FHS. Their exhibit appears to include an iconic figure who is associated more with Dundee than Aberdeen.

Societies from all over Scotland were represented, from the North (Highland FHS) to the South and West (Alloway & Southern Ayrshire FHS and Dumfries & Galloway FHS)

The participants were not only from Scotland. From just over the Border came Northumberland and Durham FHS as well as Northumberland Archives and Berwick-upon-Tweed Record Office

One of the Conference talks was *Droving and Drove Roads in Northumberland* given by Dr Ian Roberts

Member societies of FFHS are worldwide.
