

Barry Main Churchyard Gravestone Index

Barry Churchyard Monumental Inscriptions CD-ROMs may be purchased from Tay Valley FHS – publication ref. no. [CD-01](#) or [CD-11](#).

This index covers the main, southern, part of Barry Churchyard.

The ruin of the original church at Barry is completely surrounded by lairs.

The lairs are in lines on a north-south axis as is the norm for a Scottish Kirkyard, making the stones face to the east. The stones are identified first by two letters, BY, denoting Barry Churchyard, then by one or two letters, identifying the row, followed by a two digit number to indicate the stone counting southwards from the north end of the row.

Rows A to U are in the western section of the main churchyard, and rows EA to ED and EF to EK are in the eastern section.
