Ferry Port on Craig, Tayport, Monumental Inscriptions may be purchased from Tay Valley FHS – publication ref. [M-577](#) (booklet) or [CD-23](#)

The now disused Ferry Port on Craig Parish Church is completely surrounded by the lairs and stones. The stones are identified by giving them a letter followed by a number after the prefix TT, the identification letters for Tayport.

The letter identifies the particular row reading from west to east, while the number identifies the stone reading from north to south in the row. The rows are recorded starting at the north of the church, rows A - E, reading west to east, with the remainder south of the church, again reading from west to east.
