

## Dysart Cemetery, Pitlochry, Gravestone Index

Dysart Monumental Inscriptions may be purchased from Tay Valley FHS – publication ref. no. [M-634](#) (booklet) and [CD-13](#)

The gravestones in Dysart Cemetery are identified first by two letters, DY-, denoting Dysart Cemetery. The next letter designates the row where the stone is to be found, lettering through the alphabet from A to Z. There then follows a three digit number identifying the particular stone, counting from the end nearest the central path for rows A to W.

Rows A to L are on the left of the path leading inwards from the entrance gate, with A immediately on the left, and the letters continuing to L for the row furthest from the gate.

Rows M to W are on the right of the path leading inwards from the entrance gate with M immediately on the right, and the letters continuing to W for the row furthest from the gate.

Row X numbers from the left of the gate and borders the path upwards at the left, returning down to the gate on the right side of the path.

Row Y runs clockwise around a circle at the highest part of the cemetery

Row Z runs clockwise round the perimeter wall starting from the corner to the left of the gate and finishing at the corner to the right of the gate.
