

## Kilmany Parish Churchyard Gravestone Index

Kilmany Parish Churchyard Monumental Inscriptions may be purchased from Tay Valley FHS – publication ref. no. [M-588](#) (booklet) or [CD-09](#)

Kilmany Parish Church faces north of east rather than in the traditional due east direction, and the gravestones face in the same north-easterly direction. The building is surrounded by lairs on all sides. Identification of the stones is by two letters, KY, denoting Kilmany Parish Churchyard, followed by a single letter followed by a number. The single letter designates the row, reading from south-west to north-east alphabetically, and the numbers designate the stone, numbering south-eastwards from the north-westerly end of the row. For example, stone KY-J08 is in row J, or the 10th row from the south-west, and is the 8th stone from the north-west. The rows are lettered starting from immediately inside the entrance gate with row A, running north-eastwards on the north side of the church to the kirkyard's north-eastern boundary wall at row P. From the south-western boundary wall, immediately south of the entrance gate at row Q, the rows run north-eastwards along the south side of the church to row Z.
