Lintrathen Kirk is bounded on the west, south and east sides by lairs.

The stones are identified by the prefix of LN- (signifying Lintrathen Kirkyard), followed by a letter and two digits. The letter identifies the row and the two digits identify the particular stone counting southwards from the north end of the row. For example, LN-J06 is within Linlathen Kirkyard, is in the tenth row from the west, and is the sixth stone, counting southwards, from the north end of the row.

Rows A to P run from the western end of the kirkyard along the south of the kirk and rows Q to X are to the east of the building.
