**Rows A to E are to the west of the Kirk, with rows F to P to the south. Q and R are to the east.**

**Stone FE-Z01 is out of its original position. It is leaning against the north boundary wall at the west gateway**

**Stones designated FE-NE are situated at the north east area of the Kirkyard. These are modern and well within living memory. They are in rows, and will, through time, have additional stones erected in the spaces between.**
