Glen Esk Monumental Inscriptions may be purchased from Tay Valley FHS – publication ref. no. [M-535](#) (booklet) or [CD-17](#)

The church is surrounded by lairs.

The lairs are in the Scottish custom of lines on a north-south axis, with the stones facing east. Identification of the stones is by two letters, GK, denoting Lochlee New Kirkyard, followed by a single letter followed by a number. The single letter designates the row, reading alphabetically from west to east, and the numbers designate the stone, numbering south from the northern end of the row. For example, gravestone GK-E03 is in row E, the fifth row from the west, and is the third stone southwards from the north.

There is an extension of the kirkyard to the north of the Church. The graves here are just a few years old, and well within living memory. They are constantly being added to and have not been indexed at present.
