St Rule's Kirkyard Monumental Inscriptions may be purchased from Tay Valley FHS – publication ref. no. [M-525](#) (booklet) and [CD-25](#)

St Rule's Church faces north of east rather than in the traditional due east direction, and the gravestones face in the same north-easterly direction. The church is completely surrounded by the lairs and stones. Identification of the stones is by two letters, RU, denoting St Rule's Kirkyard, followed by a single letter followed by a number. The single letter designates the row, reading from south-west to north-east alphabetically, and the numbers designate the stone, numbering generally, south-eastwards from the north-westerly end of the row.

Row A is a cluster of stones, still in the north-west to south-east alignment of rows, at the northern corner of the church while row B is aligned north-eastwards along the north-west boundary wall. Both read from south-west to north-east. These are the only rows completely north-west of the church.

The lines of stones then continue on the south-east side of the church starting at the south-west end of the kirkyard, finishing in the south-east corner.
